ASWU News: Did you know?

This week at the ASWU meeting we had two wonderful guest speakers.

Dan King and Jim O'brien – Sodexo Mangers

First of all, when you get a chance everyone needs to give a big thank you to Sodexo and these two men. They are great!

At this point about 60% of the meals are coming from the new expansion. In order to hopefully even it out, some changes will be taking place in the main dining section.

Sodexo is not happy with weekend meals or the mid-meal time of 1p.m. to 5 p.m. so expect to see some changes there.

Protein was taken away from

the salad bar and the sandwich bar was taken away in order to save money. However, if they see a great desire from students to get those items back they would be more than willing to work with us.

The soft serve machine is gone and at this time there is no plans to get another one. The cost of a new one would be around \$15,000.

More cereal dispensers are going to be ordered. This will allow both sides of the main dining area and the new expansion to have the entire selection of cereal.

Finally they are trying to figure out how to make backpacks more secure.

Overall people are really happy with the new expansion and

food in Sodexo.

If you have any requests or

Macy Olivas – Student representative on the search for the new Provost

Whitworth is currently looking for a new Provost. For those of you who do not know a Provost is the second in charge next to Beck Taylor. In other words a Provost is the right hand man to Beck.

Macy came in to ask ASWU what characteristics they would like to see in the new Provost.

Transparency within ASWU

Finally ASWU talked about always remaining transparent with the student body.

Talk to your senators, they are here for you!
