- c. Mission statement- Stephen
- d. Quote- "Many of the great achievement were accomplished by many tired and discouraged men."
- e. Approval of minutes- "We hasn't." Online project got pushed back a week, not year. Alan Mikkelson. Jesse move to approve minutes. Barret second. Motion passed.

II. President

- a. Pats on the back- Conor with comedian. Jahquette CAW. Charley and Danika Up 'til Dawn. Morgan, Then and Now. Stephen wraps up intramurals. Jonathan Deal doing awesome. Danika for Senior Event at B Robs
 - i. Pubert- Collin Gibbs.
- b. Sign-up sheet will be passed around, Tues Dec 1, Tom Wilson from academic search will have presidential search committee in the morning. One of the groups he wants to meet with is ASWU. Want to talk about culture. He is the one doing the search in the real world.

III. FVP

- a. Club Updates
 - i. Ultimate- has been practicing 3 times a week. Biggest tournament this weekend, Sundodgers. Taking 35 students. Are you going to have a disk this year?- Maybe in spring.
 - ii. Pre-Med/Science- In Dec., finals study session. Connecting older students with younger students. Next semester, going to do event about health care reform. Want to bring in someone to talk about it.
 - iii. Global Servants- Meet twice a week. Recently had a speaker about Iran. Missions fair; bring in mission organization from everywhere and talk about missions.
 - iv. Incristo- In second year, going to tower every weekend. Very successful this year. Nice to have a good group of freshmen plugged in. Having a fall retreat this weekend. Having club members get to know each other better. Making hot soup every weekend downtown, in small groups. Want to encourage campus leadership to do primetimes knitting hats and gloves to hand out.
 - v. Science fiction and astronomy- Mike Ingram speaking. Have 25 members signed up. Looking to get professors to lecture about future technology or astronomy. Next semester getting out there with telescopes.
 - vi. GSA- Referendum of Dan Savage. Doing a showing; for the bible tells me so. Leading a discussion afterwards.
- b. New Clubs:
 - i. Circle K Club- Kiwanis club. Key club is high school version. International collegiate organization. Motto: live to serve, love to serve. Purpose is to serve

community. Trying to re-charter because it fizzled out. Want to start it up and keep it successful. Serve Spokane area. Attend conferences. Make friends in clubs and others. Carrie Streepy advisor.

1. \$16 for dues. Why? - It is actually 32. Kiwanis pays other half. The other half go to them. \$7 goes into our group.
 2. Brittany move to charter club. Katie seconds. Motion passed
- ii. Latino Student Union- Address issues addressing Latino issues. Focus on Latino in the US. Want to have a voice for Latino student and relate it to Whitworth. Want to branch out to other universities to collaborate. Planning to have several events: guest speakers; President of EWU. Conference in Tacoma next semester. Next month, homemade tamales.
1. How many members? - 15. Most of them Latino, but open. Going to actively recruiting.
 2. How do expect to pay for tamales? Are you taking club fees? - No club fees this year. Students and moms are going to donate.
 3. Jesse move to charter club. Barret second. Motion passed.
- c. Requisitions
- i. Whitworthian/ Natsihi- \$4500. PDFs to send plans. They shouldn't take more than 2-3 minutes. Last time had to send 40, had to make 8 PDFs and took 5 hours. Computers are really outdated. Could not get on Adobe. Been going everywhere to do work. Last Sunday night, half sport section was in the library other was in the art building. It is hard if they are not in the same room when they want to be a part of something. Not just efficiency, but for the program. There are 5 main computers. There are 6 sections in the newspapers. Few computers that break down, and even after fixed, cannot not open Photoshop or Design. Work with IT all the time. Going to save the old, to have mix. Request for MACs, it is the way of the industry. Spent all summer with IT. Did not ask before because they were working, but just broke down.
 1. Open for question
 - a. Security issues- offices are often unlock. Issue keys to staff, bolt them down.
 - b. Why didn't you ask them before? - Wanted to be responsible with what we had.
 - c. Is it feasible for just 2? - That would be great, but feel like 3. There's so much demand for photo, it's hard to work in one. We use Charley's office every week. If we have an extra, we wouldn't invade her space.
 - d. When are you getting the computer requisitioned a couple months ago?- He been on jury duty for awhile, but done today, so soon.
 - e. Do you need to buy Adobe license? What's the price?- you can put it on 3 computers. IT have been great and giving us the license. How much are they each? - \$1500.
 - f. If you compared prices, besides industry going into MAC? How much are PCs?- The ram and drive is at least 900. One thing about MAC is that they last longer.
 - g. Since you have set ups, have you looked at MAC minis?- What are they?

2. Open for discussion-
 - a. I like to suggest MAC mini is not the best for what they are doing. But for someone that used these things, I say you can get them substantially cheaper. Around \$500 if they use their own monitor. If they say that's not the best option, present it to us.
 - b. I think it would be cheaper to keep the screen, the computers will last.
 - c. What was recommended? - Pass all 3 for \$4500.
 - d. It might be beneficial for them to get the first MAC first and see how it is worked. I recognize there other issues. I think it's beneficial to see what they get.
 - e. Carl: if we pass all 3, what if it get out dated and obsolete
 - i. Dayna: the \$4500 will be set aside. All technology changes as we speak. This group is deciding that \$4500 to get computers for need. The specifics models aren't important.
 - f. Emily- I think we need it. I love MAC. Other people need to get PC updated every 2 years. I think we should help them and its worth it.
 - g. Jesse- I did year book here all 3 years, they are right that Apple is in the industry; however, as Stephen pointed out, they didn't point out MAC minis. I think they can do better research and get better prices. I know we can get cheaper than \$1500. Maybe they are setting convenience getting MAC minis. I don't think we should pass.
 - h. Barret- enough ram. Same video card. Processors are not as much.
 - i. Carl- Another thing, they are not replacing 1 or 2. They are looking to add. Getting a MAC mini would need to get monitors. Looking to add work station, not replace.
 - j. Tyler- There is not really enough space.
 - k. Danika- I spent my Sunday in library doing the paper.
 - l. Carl- the table in the middle that can be used.
 - m. Christine- if they don't have counter space, will they asked money for desk?
 - n. Emily- I think we need to prioritize. We have been spending money on other things. I think it's viable.
 - o. Nic- The issue is that they brought it to us in sloppy manner. They need to do research and back it up.
 - p. Colin- Some people want it pass. Some people are unsure. I think it can be presented again. In general we want to support them as much as possible
 - q. Dan motion to table. Stephen second.
 - i. What do you want from them next time? - Specific model and why? Comparing them with others.
 - ii. Tabling passed by majority.

IV. EVP

- a. Senator & Coordinator Reports

- i. Jaquette- This week is CAW. Tonight Born into Brothel in Robinson teaching teacher. For the bible tell me so tomorrow. Friday international banquet.
