- VII. FVP- Lindy Tep
 - Jeff: Requisition for \$3,000 for storage space for Outdoor Rec; Patrick S: it would be a good improvement to Warren; Kyle: good idea, but Jeff doesn't have the equipment to fill it; Morgan: He can't buy stuff if his rental closet is full of rental equipment; Trista: Can SERVE get a part of it since we have so much equipment for CBD; Gabby: When there are renovations made in the HUB, can there be room made in the HUB; Donovan: He needs room to store and to implement stuff and take care of equipment; Bryce: If the space in Warren hasn't been used in the past, it's pointless to say that it will be used. Using it for storage will help all of ASWU; Patrick Y: motion to vote; Brian 2nd; Passed.
 - Patrick S: Requisition for Warren Entertainment package (TV, pool table, ping pong table, etc.); Kyle: Can we break up the requisition so that some things can be approved and others not approved?; Trista: Why should they get a TV? It doesn't seem necessary; Jerod: All other dorms have TVs so saying no to that is discrimination; Bryce: Arend TV is used; Donovan: We need to set up a precedence of whether or not to get a TV; Brittany: We can't stop students from watching a movie. Students can provide the Eric motion to continue discussion; Patrick Y 2nd; Meredith: Can the Senators come and requisition for pool table recovering?; Meghan: Are we going to take away the DVD players from dorms that already have them and not letting other dorms get them?; Peter: Are people concerned with the TV? There can be a few \$100 knocked off for a lower resolution TV?; Morgan: Getting a blue ray player and a lower resolution TV

makes no sense; Kyle: Does the size of the TV matter?; Sam: Motion to vote for the requisition minus the pool table for \$2504. Patrick Y 2nd; Passed.

- Trista: Requisition for back-up money for the trip to Jamaica; Students have been fund raising hard and there are several x-factors that contribute to some unforeseen complications; Her planned budget no longer accounts for everything and she doesn't want to keep adding to the price for the trip the students are paying for; There are still 4 other fundraisers coming up; This is only back up money in case they can't quite make it financially and won't be touched if they reach their financial goals and there are no complications that fluctuate the cost; Discussion: Brian motion to vote; Christine 2nd; Passed.
