ASWU News: Did you know?

This week in ASWU, Mabel Elsom, human trafficking coordinator from Lutheran Services came to speak to ASWU about what she does in her position and how the funds we make earn during Spokane Block Party will break down to help the non-profit organization.

The meeting before Spring Break Jolyn Dahlvig, Associate Dean of Students came to ASWU to speak about the hate crimes / language on campus along with student life updates.

Hate crimes on campus have been a problem, so Jolyn and others have been working on a way to report hate crimes online and they are hoping to have the site up and running soon.

As for student life updates, next year they are hoping to have no overflow rooms. Stewart Hall and the Village will become freshmen dorms next year. There is a possibility that the village will be only women because the incoming class is 60/40.

Make your voice heard
Make sure you take the time to vote in this upcoming election for your future dorm senator along with the future ASWU executive team. The future of ASWU is in your hands, take the time to look into the candidates running and go to the debates, this Sunday (April 7th) at 6 pm to hear what each candidate has to say.
